

Budget and Finance Committee Report

Report By: PDG Brien Patton, Budget & Finance Chairperson

Date: 10/11/16

The Committee has 2 items to report on. One is the Accountants report for last year 2015-2016. The council has received a copy and we can discuss it at the Council of Governors' Meeting.

The second item is the collection of dues. The September stats show that \$20,122.56 hasn't been collected of the first half dues. It is very important that we get this money collected. This is where the income for MD19 comes to cover Zone Chairperson Expenses etc. and the money for your Ops Account comes from. The longer you wait to collect this money, the harder it will be and then the second half dues statement will be going out and you will be chasing that money too.

Respectfully Submitted,
PDG Brien Patton
Budget & Finance Chairperson
