

Lions Quest - Canada

Great news! Lions Quest Canada has finally released an updated version of Lions Quest Programs. All information complies with Canadian Standards. Lions Quest Canada is holding webinar meetings which Lions can sign on & learn about Lions Quest.

The first Lions Quest Workshop was held in Abbotsford, BC on September 23, 2016. It was fully attended by Teachers from the Abbotsford School District. The workshop was well received by the Teachers. The School District Administrators are very impressed with the new curriculum.

Abbotsford Lions Club & District 19H Grant paid for the workshop. Two Abbotsford Lions attended the workshop. A huge thank you to Abbotsford Lions Club.

Another Lions Quest Workshop is being planned for Trinity Western University, which will be held for Graduating Teachers. Lions Clubs within the area will be invited to help sponsor the Workshop.

The ball is starting to roll for Lions Quest Programs. District Core Four Grants are available to assist with paying for the workshops. There are \$10,000.00 Community Grants available to Districts, too! Please contact me for more information.

I have created a Facebook Social Media page for Lions Quest Programs BC - MD19. I will be posting info to this website. Please visit & like this page so you can receive news updates!

Lions Quest Fellowships are available through Lions Quest Canada. Let's recognize Lions & Community members within your neighborhood that care for youth! Please visit lionsquest.ca for more information.

Respectfully Submitted,

PZC Michael Stanford
Lions Quest Chairperson BC - MD19
