

## **Youth Camps and Exchange Report**

Report by: George Robison, Chairperson

Date Report Sent: Sept 1, 2016

Prior commitments prevent my attendance at the Cabinet Meeting. Depending on the date, I plan to attend the following meeting.

Due to the resignation of several key Lion volunteers, time is being devoted to finding new volunteers to arrange exchanges, so far without positive results.

A non-Lions major time commitment currently for me is an elective partisan political office which will end in November, after which I will step up visits to clubs, zones and districts in an effort to increase participation in YCE.

The much-appreciated efforts of Kathy and Rob Schumer resulted in several youth being hosted this Summer. One youth was hosted in my own club, Key Peninsula Lions Club, was participated in by several members and had a positive result for the guest and for the Lions Club members.

I have received the MD19 directory and am compiling a list of contacts to promote YCE over the next few months.
