

December 7, 2022

To all Lions & Friends on both sides of the US/Canada Border:

You are aware the “International Lions Christmas Ship” has not sailed since December 2019, due to COVID. This year, for the first time since, we will be traversing US Waters, (Dec 10 & 11/22) and visiting the islands of Lummi, Waldron, Blakely, Decatur, Lopez, Orcas and Shaw. A shorter schedule has also resulted in a much smaller crew.

Unfortunately, we will not be sailing in Canadian Waters this year. The cost for the vessel owner is very expensive and prohibitive.

Please know the Board of Directors of the International Christmas Lions Ship will make every effort to a “return to normal” for 2023. We are open to suggestions.

We thank you for your ongoing support of this very worthwhile project.

Sandra Ball  
President, International Lions Christmas Ship  
On behalf of the Board of Directors
