

2020 Care Report---Project Haiti

September 25,2020

Council of Governors

This is our Care update. Because so many clubs are not meeting or even fundraising, our efforts in the next few months will be to make contact with each club in all 9 districts to explain the new project and ask for donations. Today we sent e-mails to all Care district chairs with details about Project Haiti and its purpose in helping girls between ages 10 to 19. We will also be developing a video presentation to assist all of us with our contacts. In addition, we will be asking each to consider Care as a budget item.
