

## International Relations and Participation Report

The Committee wanted all clubs to participate in Campaign 100. We have many clubs and Lions who have not supported the Lions Clubs International Foundation (LCIF) and now is a good time to do so. We can recognize individuals in our clubs and / or our community. We have, in the Multiple District, received more in grants than we have given in donations.

We also need to look a club twinning, more now than we have in the past. We are truly a world organization and we are very diverse in our membership. We should be open to different groups of people and very open to women becoming Lions.

We have many areas that we can become involved with, locally and world-wide:

Our Children's Vision of Peace

Building Classrooms

Building Water Wells

Youth Exchange

LEOs

Lion Youth Camps

Spotlight on Women

Fight against Diabetes

Disaster Relief

United Nations and International Cooperation

Environment

Health Essay Contest

Peace

We as Lions had, have and will have many opportunities to serve humanitarian needs at home, region, country and world. So let's continue our good work and maybe a little more.

Thank you,
