

## MD 19 District Support Team Training report.

CC Jon and Council

The training of our incoming Governors, Vice Governors and Zone Chairs will again take place at the University of B.C. this spring.

We analyzed the critiques from last year's school and have made some changes.

1. We will be situated near the Cafeteria so food will be readily available.
2. We will also endeavour not to run out of handouts.

Course content and instructors were well received but will be fined tunes to give our Leaders the best possible training.

Thanks

Lion Al Beddows
